SEGWAY SKILLS ASSAULT COURSE

After your personal training in our private area and before we head out into the park, everyone will experience our **Segway Skills assault course**. Navigate through a series of precision based challenges, ramps, slaloms, balance beams, limbo and bunny hills!

Once you have completed your training and the Segway Skills assault course **you'll be ready to explore the park.**

Depending on the type of visit you can choose from two different experiences:

The **Segway Safari** is great for smaller groups who are looking for a longer and easier instructor-led journey on our Wildlife or Coastal Expedition.
